

Help Us Help Teachers.

THE TASTE OF H HIGHLIGHTS ALL THAT
IS REMARKABLE ABOUT THE H STREET
COMMUNITY AND FUNDS GRANTS FOR
D.C. PUBLIC SCHOOL EDUCATORS.

Dear Supporter,

We did it! In 2018 we launched GrantEd Foundation and this past April we completed our first year of grant giving!

Our success this year has surpassed our expectations, reaching milestones we are so proud of, including:

- Awarded more than \$42,000 in grants
- Partnered with 21 DCPS schools, and counting
- Built a network of more than 1,000 teachers
- Impacted 1,500 students and their families by helping teachers focus on teaching
- Registered over 175 teacher members, about 20% in each participating school
- Funded every grant category: classroom supplies, student experiences and field trips, and professional development
- Doubled our pace of growth each month
- Granted 85% of teacher requests

GrantEd allows D.C. public school teachers to apply for grants with a **1-minute video, awarded the following month, for requests of up to \$500**. We are revolutionizing grant giving and reducing obstacles for the educators with the greatest need, those in our least-served communities.

Help us help teachers. Our work is not possible without sponsors like you to ensure that we raise enough funds to give every teacher requesting help the resources they need to do their job! With annual overhead costs of less than \$10,000, GrantEd is among the most fiscally responsible non-profits in D.C.—your contribution will NOT be wasted! Virtually every dollar we get goes directly to educators in real time.

GrantEd returns to the **Atlas Performing Arts Center on November 2nd, hosting the Taste of H 2019**, and fundraising to support another year of grant giving. The Taste of H is managed by volunteers and relies on donated food, drinks, entertainment, and event services. These donations make it possible to maximally apply funds raised at Taste of H toward supporting D.C. public school educators. More grants for more teachers makes GrantEd a powerful resource, quickly meeting immediate classroom needs, reducing the financial burden on teachers, and increasing opportunities for students.

Sincerely,

Amal Disparte, Julia Bozzolo, and Jenny Decker
